

ALLEGION™

MAGNET
IN USE

Republic

Lead-lined doors and frames

Overview

When safety for your consumers and your employees is important, Republic's lead-lined doors and frames provide maximum radiation protection in hospitals and health clinics.

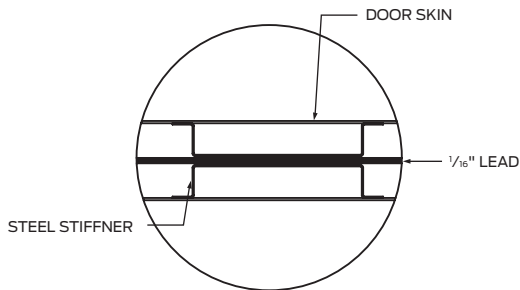

Lead is effective at scattering gamma rays and x-rays. The aesthetics of Republic's lead-lined products for radiology areas are consistent with other hollow metal openings.

Features

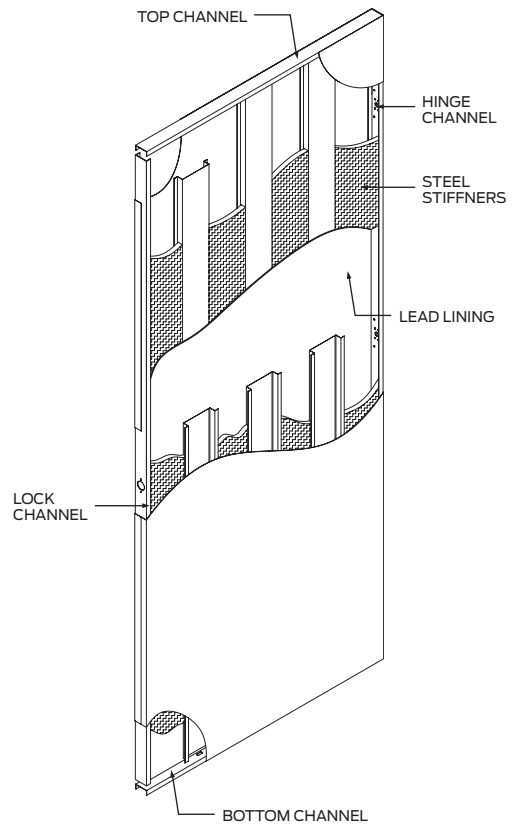

- Standard $\frac{1}{16}$ " lead
- Sizes up to 5'0" x 10'0" (single swing) and 10'0" x 10'0" (double swing)
- SDI maximum duty level 2-4 – performance level A and B
- Frame jamb depth comes 3"-20"
- Steel stiffened core
- Glass lite kits available
